Applications must be completed **and submitted to HEF by December 31st** for inclusion in the current school year.

Eligibility

Any employed by HPS personnel are eligible to apply for grants, as long as direct impact on students can be demonstrated. Previous HEF grant recipients must have submitted a Grant Evaluation Form in order to be considered for future grants.

Purpose

Grants are awarded for the purpose of supporting K-12 curriculum enrichment. They are intended to meet student needs and increase motivation to learn, as well as stimulate creativity in the classroom. Grants may include project-related supplies or equipment, workshop fees, and/or resource materials. Grant awards are intended to be used as seed money to fund new programs and projects rather than previously funded projects.

Scope and Requirements

Grant awards are based on the merits of the proposed project, the demonstrated needs of the project and the funds available. An award may cover only a portion of the entire project cost. A detailed budget is essential for projected costs, describing how the entire budget will be spent.

All expenditures for equipment or supplies must be consistent with the description outlined in the application. Changes to the project must be approved by the Grant Committee before expenses will be reimbursed. All materials and equipment purchased with HEF funds become the property of the Howell Public Schools and must be identified accordingly.

All applications require a Principal's signature to ensure the alignment of project with District curriculum goals.

Projects must be completed within the current school year of funding approval unless the Grant Chair and HEF President have approved other arrangements.

Grants are not intended to pay for college or graduate school courses, or programs for which funds are otherwise available, nor should they be used to purchase materials, such as core curriculum text and standard school supplies, which should be covered in the school's operational budget.

Criteria

The following criteria will be used to review grant applications:

- Originality of the project
